2. WASTE TRACKER FEE

Certain forms and declarations may be required to be completed for the compliant transport and handling of waste to meet legislative requirements. To ensure accuracy and compliance, Cleanaway provides a dedicated service to manage this documentation on your behalf. This service includes an administrative fee, referred to as the Waste Tracker Fee.

Waste Tracker Fee calculation

Current

As the Waste Tracker Fee is pre-agreed with you, it will be or is already reflected in your Agreement.

3. FUEL SURCHARGE

The fuel surcharge may increase, decrease or be waived entirely, depending on movements in the underlying price of fuel.

Each month we monitor the fuel price in accordance with the National Average Diesel Price (c/litre including GST) located on the Australian Institute of Petroleum website (*Australian Institute of Petroleum website found here*). The fuel surcharge will be calculated using the National Average Diesel TGP Price (included in the table below as the "fuel price") for the month prior to the date of the invoice (e.g. the May invoice will include a fuel surcharge (if applicable) that is calculated based on April fuel prices).

Fuel Surcharge calculation

Solid Waste Services (and C&D)

The Fuel Surcharge will be charged per lift (excluding GST) (which can comprise any or all of the following: collections, site attendance, truck/transportation hours and delivery/exchange/removals of equipment) for the below services.

- Front lift means mobile steel bins that can be used for the collection of waste.
- Rear means lightweight heavy plastic bins, also known as wheelie bins that can be used for the collection of waste.
- Bulk means large-volume waste collections outside standard mobile bin services, including open-top containers (bulk/hook bins) and packer-based collections.

^ 'Other' denotes services including sanitary waste and destruction of confidential material, but excludes medical waste.

OIL & TECHNICAL SERVICES (OTS)

The Fuel Surcharge will be charged as an additional percentage to the invoice value (excluding GST) for the following OTS services:

- Bulk liquids
- Grease trap services
- Packaged waste

Link to service codes that the Fuel Surcharge is applied to is available here.

For each job order (a single service event or work order as recorded in Cleanaway's operating systems), the total Fuel Surcharge is calculated across all applicable service lines.

The Fuel Surcharge does not apply to the following OTS services:

- Fuel Oils
- CES
- Used Cooking Oil (UCO)
- Re-Refined Base Oil (RRBO)
