

The information in this document applies to our Standard Terms – Ongoing (**Standard Terms**).

Whether a fee or charge applies may depend on which business unit is performing the work. We operate through several business units:

- Solid Waste Services (**Solids**)
- Construction & Demolition (**C&D**)
- Oils & Technical Services (**OTS**)
- Health Services (**Health** or **Daniels**)
- Industrial Services (**IS**)

1. WASTE PLUS FEE

Your Agreement may specify the allowed weights or volumes when using our equipment.

If not, default limits will apply, as set out below. If you exceed these limits, the Waste Plus Fee may apply.

Default allowed weights or volumes

Effective 1 July 2025, unless otherwise stated in your agreement, the following default weights will be used for weight assumptions for the purposes of clause 3(c) of the Standard Terms:

Waste Stream	Maximum weight per cubic meter
General waste	60kg
Organics	60kg
Commingle	20kg
Cardboard	20kg
Skip Services (All waste streams)	60kg
MGB Clinical	60kg
MGB Cytotoxic	60kg
MGB Biosecurity	100kg
MGB Anatomical	100kg
Other	60kg

2. WASTE TRACKER FEE

Certain forms and declarations may be required to be completed for the compliant transport and handling of waste to meet legislative requirements. To ensure accuracy and compliance, Cleanaway provides a dedicated service to manage this documentation on your behalf. This service includes an administrative fee, referred to as the Waste Tracker Fee.

Effective 1 July 2025

As the Waste Tracker Fee is pre-agreed with you, it will be or is already reflected in your Agreement.

3. FUEL SURCHARGE

With fuel price fluctuations impacting the transport industry, the fuel surcharge may increase, decrease or be waived entirely, depending on movements in the underlying price of fuel.

Each month we monitor the fuel price in accordance with the National Average Diesel Price (c/litre including GST) located on the Australian Institute of Petroleum website ([Australian Institute of Petroleum website found here](#)). The fuel surcharge will be calculated using the National Average Diesel TGP Price (included in the table below as the “fuel price”) for the month prior to the date of the invoice (e.g. the May invoice will include a fuel surcharge (if applicable) that is calculated based on April fuel prices).

Fuel Surcharge calculation

Solid Waste Services (and C&D effective 1 July 2025)

The Fuel Surcharge will be charged per lift (which can comprise any or all of the following: collections, site attendance, truck/transportation hours and delivery/exchange/removals of equipment) for the below services.

- Front lift means mobile steel bins that can be used for the collection of waste.
- Rear means lightweight heavy plastic bins, also known as wheelie bins that can be used for the collection of waste.
- Bulk means larger open-topped container for the collection of waste.

^ Currently, ‘Other’ denotes services including medical waste, sanitary waste and destruction of confidential material.

^^ Effective 1 July 2025, ‘Other’ denotes services including sanitary waste and destruction of confidential material, but excludes medical waste.
